Feature	Visual redesign of the original Terminator offers a striking new look. Flashier, more exotic metallic gold or silver finish on the Second Spine. Optimal lumbar support helps sustain gaming form for extended sessions. Breathable mesh dissipates body heat to keep you cool and dry. PAFRP backrest adapts to body movement for comfort. Mixed Hyper-Dura and velvet upholstery provide a touch of decadence. 4D armrests: adjustable height, width, depth, and swivel. Height, headrest tilt and recline angle can be tailored to individual preferences.
Others	4D Gaming Chair.
Specialty	The Terminator Elites central structure mimics the form and function of a second spine, shaping the backrest to align with the natural curvature of your back with a new, flashier, more exotic metallic gold or silver finish options. Optimal lumbar support mechanics completely eliminate stress and fatigue by exerting just the right amount of resistance against your lower back, allowing you to sustain perfect gaming form and peak performance over longer periods of time. Premium mesh dissipates body heat where its most concentrated, keeping you fresh, cool and dry even when you are operating at max intensity. The adaptive-density foam fitted to the Terminators fiber reinforced polymer (PAFRP) backrest provides unparalleled strength and durability, subtly adapting to your movements for total flexibility and comfort. The Terminator Elite is upholstered in a mix of premium Hyper-Dura leatherette 12 times more resistant to wear and tear when compared to regular coverings and plush velvet for a touch of flamboyance, decadence and just the right amount of excess. The Terminator Elite is equipped with customization features that can tailor the height, headrest tilt and recline angle to any individual preference. The armrests are also independently adjustable in all 4D parameters: height, width, depth, and swivel. Position yourself in the sweet spot with ease without ever having to compromise the ability to execute your moves.
